

**Kitchener
Utilities:** At Your
Service
for Over
a Century

For over 100 years, Kitchener Utilities has been proudly serving your community as your natural gas and water utility. As one of just two community-owned natural gas utilities in Ontario, we're proud of our long heritage in Kitchener. We develop our plans with the needs and well-being of our residents and businesses in mind, and we deliver high-quality services and excellent value to our customers.

What We Do

We deliver natural gas and water to homes and businesses and look after the infrastructure that helps make this service possible.

- We provide a natural gas rental water heater program with competitive rates and reliable local service.
- We service natural gas appliances.
- We provide natural gas appliance financing.
- We offer programs to help you increase your home's energy efficiency and save you money.

How to Contact Us
