

Will your furnace survive another winter?

Kitchener Utilities Rebates

Receive a \$200 credit* when you:

- Convert your home heating system from an alternative fuel source to an ENERGY STAR qualified high-efficiency natural gas furnace/boiler.

Receive a \$150 credit* when you:

- Convert your home heating system from an alternative fuel source to a mid-efficiency natural gas furnace/boiler.
- Upgrade your conventional natural gas furnace/boiler to an ENERGY STAR qualified high-efficiency natural gas furnace/boiler.

Receive a \$100 credit* when you:

- Upgrade your mid-efficiency natural gas furnace/boiler to an ENERGY STAR qualified high-efficiency natural gas furnace/boiler.
- Upgrade your conventional natural gas furnace/boiler to a mid-efficiency natural gas furnace/boiler.

*Installation of a programmable thermostat is required to receive credit if you do not already have a programmable thermostat installed. Rebates available to Kitchener residents only. Kitchener Utilities may request a furnace installation inspection to qualify for a rebate.

With up to \$10,000 in rebates available from the federal and provincial governments, now is the perfect time to switch to natural gas and start saving! To make sure you get as much money back as possible, learn more about the programs below. In most cases, homeowners will qualify for multiple grants or rebates.

For more information on the rebates offered by Kitchener Utilities please call 519-741-2626 and press "0" or visit www.kitchenerutilities.ca

If you purchase a furnace from a Kitchener Utilities Authorized Dealer, they can apply for your furnace rebate on your behalf. If you purchase your furnace from another company you must submit your rebate application to Kitchener Utilities.

See inside to learn how you can qualify for up to \$200 in rebates from Kitchener Utilities when you upgrade your furnace.
