**RE:** BOIL WATER ADVISORY IS OVER

---

Tests performed on your water show that it is free from contamination.

It is safe to use your water. You are asked to take the following precautions before beginning to use your water again:

- Run cold faucets for one minute before using the water.
- Run drinking fountains for one minute before using the water.
- Run all water softeners through a regeneration cycle.
- Flush all garden hoses by running cold water through them for at least 1 minute (not required in the winter).
- Backwash pool filters and change media or water.
- Drain and refill hot water heaters set below 45° C (113° F)
- Consult with the manufacturer for specific guidance when re-starting treatment devices.

We would like to offer our sincere apologies for the many inconveniences the boil water advisory caused you. The safety of our water and the health of our customers are our first priorities. We appreciate your patience and cooperation throughout the advisory period.
