

Warm up to
a new fireplace

For a cozy night in,

a natural gas fireplace gives you all the comfort of a wood-burning fireplace, but with the bonus of energy efficiency and clean burning. This season, enjoy a natural gas fireplace.

It's an efficient, cost-effective way to beat the cold.

Now it's easy to own a natural gas fireplace

Natural gas fireplaces offer the following benefits:

- A natural and instant source of heat with the convenience of its own thermostat and an ever-present fuel supply.
- No mess, no chopping wood – just a constant flame, controlled by the flick of a switch.
- A flexible venting system, so you can install it almost anywhere and enjoy a cleaner, safer flame.

Kitchener Utilities finances and services all natural gas furnaces and appliances. Just call us at **519-741-2626** to learn about “don't pay for a year” financing services. www.kitchenerutilities.ca
