

Instructions

Please complete only one natural gas application for your primary residence (where you reside for more than 6 months of the year). You cannot receive COVID-19 Energy Assistance Program (CEAP) funding for multiple residences, and you can only receive CEAP funding from your natural gas provider once. You may apply separately for electricity CEAP support through your electricity utility.

After you have provided your information, please sign this form and provide your consent by: (a) if submitting electronically, typing your name(s) in Section 4; or (b) if submitting by mail, you may print the completed form and sign Section 4 by hand. Please ensure that the information provided is accurate and up-to-date.

Once completed, the form can be emailed or printed and mailed to your utility. Your utility may offer other ways to submit your application, including in some cases by phone. Please refer to your utility's website or contact them for more details.

CEAP funding is limited and applying does not guarantee that your utility has CEAP funding remaining. Applications will be processed in the order they are received. For information on lower-income energy support programs available, please visit the Ontario Energy Board's [website](#).
